Northeast Supply Link Project
Docket No. CP12-____-000

Ladies and Gentlemen:

Pursuant to Sections 7(b) and 7(c) of the Natural Gas Act and Part 157 of the regulations of the Federal Energy Regulatory Commission ("Commission"), Transcontinental Gas Pipe Line Company, LLC ("Transco") submits herewith for filing with the Commission an application, in abbreviated form, for a certificate of public convenience and necessity authorizing Transco to construct and operate its Northeast Supply Link Project.

This application contains three types of information:

- Public,
- Critical Energy Infrastructure Information ("CEII"), and
- Privileged

The Public information consists of the Application (including the Notice and Exhibits C, F, J, K, P, Y, Z-1, and Z-2 in their entirety); Volume 1 of Exhibit F-1 (Resource Reports 1-12); and Volume 3 of Exhibit F-1 (Mapping Supplement).

The CEII information consists of Exhibits G and G-II (Flow Diagrams) and Volume 2 of Exhibit F-1 (Detailed Drawings). Transco requests that the CEII information be treated as Critical Energy Infrastructure Information pursuant to the Commission's Order No. 630, 68 FR 9862 P 33 (2003).

The Privileged information consists of Exhibit I (Customer Precedent Agreements) and Volume 4 of Exhibit F-1 (cultural resource reports, site-specific threatened and endangered species reports, and landowner lists). Transco respectfully requests that this information be accorded privileged treatment and placed in a non-public file.

In addition to electronically submitting the complete application through the Commission's eFiling system, Transco is also submitting paper copies of the filing to the Commission's Staff, with the exception of Appendix 2I, Copies of Joint Permit Applications.

If you have any questions regarding this filing, please contact the undersigned.

Respectfully submitted,

TRANSCONTINENTAL GAS PIPE LINE
COMPANY, LLC
